Special Offers

2lb container \$26.99 (\$24.29 with savings)

8lb container \$60.99 (\$54.89 with savings)

- Got String Algae?
- Mock Rock 'N Clean can help you get rid of it before you close your pond for the winter
- Doing so will decrease the amount of sludge and muck in the spring
- Buy now to save 10%

Need Lights? AquaScape Garden and Pond 3 light kit is the perfect addition to enhance a water feature! Buy now and save 10%!

Retail \$119.98 (\$107.98 with savings)

Want a chemical free solution to reduce Algae? AquaScape's IonGen 2 system will do just that! Buy now to save 10%

- Drastically reduces pond maintenance
- Helps to control unsightly algae without the use of liquid chemicals
- Simple to install
- Compatible with water containing fish and plants
- Energy efficient (less than \$1 per month in electrical costs)
- Treats ponds up to 25,000 gallons
- Probe typically lasts 1-3 seasons depending on the ionization level it is operated at, volume of water in the pond, and the water conditions you are trying to control
- Complete with electronic control panel, outdoor-rated transformer, flow chamber, probe fittings, probe holder, copper test kit, alkalinity test kit and owner's manual

Retail \$379.98 (\$341.98 with savings)
